

Portfolio and Pre-Observation Submission Guide

Family Child Care Learning Home

This submission guide was created to assist you in completing the pre-observation information that is required to be submitted prior to acceptance of the portfolio. This information is for a family child care learning home with or without an assistant teacher helper.

PORTFOLIO COMPLETION SCREENS

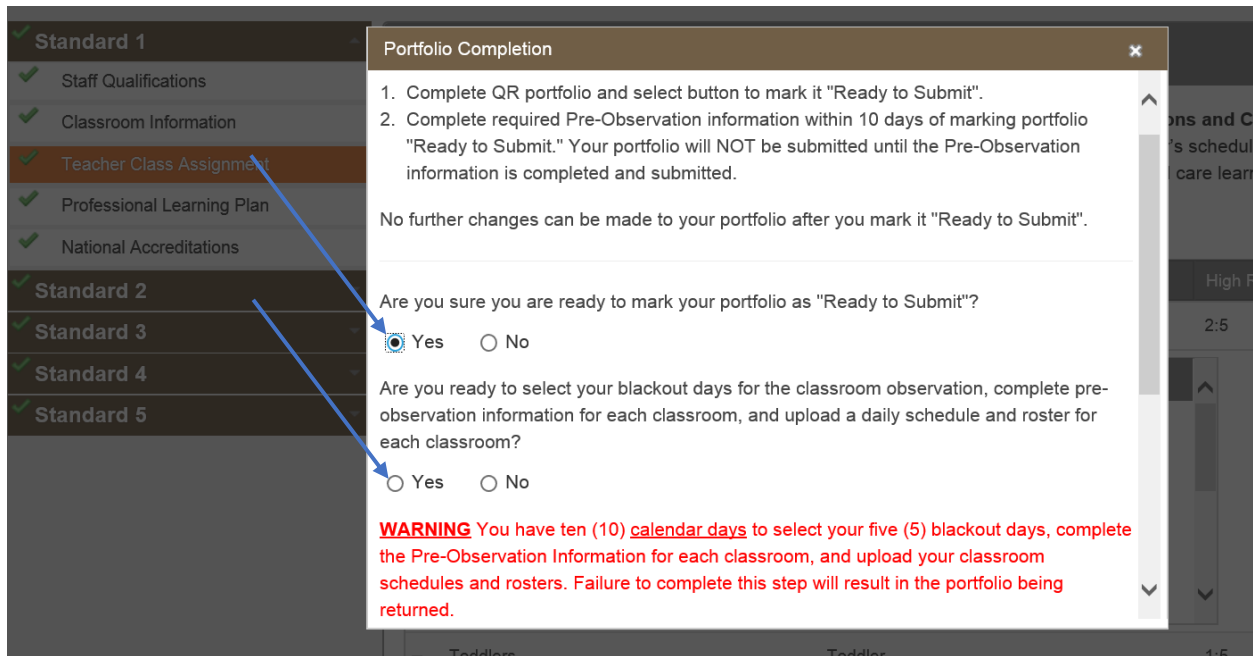

When all standards are complete, as indicated by the green check marks, the **“Submit Portfolio”** button is enabled.

The screenshot shows the 'FAMILY PROVIDER' interface for user 'FR-36102'. The 'Portfolio Status' is 'Returned'. A navigation bar includes buttons for 'BACK', 'VIEW PORTFOLIO', 'VIEW HISTORY', and 'SUBMIT PORTFOLIO'. The left sidebar lists 'Standard 1' through 'Standard 5', each with a green checkmark. The main content area is titled 'STANDARD 1 - TEACHER ASSIGNMENTS' and contains a message: 'Before you can complete this section, you must first complete the Teacher Qualifications and Classroom Information sections. In this section, you will enter your teacher classroom assignments and the teacher's scheduled hours for each classroom. You will see a list of the classrooms that you entered in the Classroom section. A family child care learning home provider will see only one classroom listed (In Home).' A 'COLLAPSE ALL' button is visible at the bottom right of the content area.

- Before selecting the **“Submit Portfolio”** button, please go back and review your Classroom Information and Teacher Class Assignment sections in Standard 1 to make sure they are up-to-date and current. This information will carry over to the Pre-Observation Information Form and will reduce the amount of time needed to complete your pre-observation screens during the submission process.

This screenshot shows the 'STANDARD 1 - TEACHER ASSIGNMENTS' section. The left sidebar is expanded to show 'Standard 1' with sub-items: 'Staff Qualifications', 'Classroom Information', 'Teacher Class Assignment' (highlighted in orange), 'Professional Learning Plan', and 'National Accreditations'. The main content area contains a message: 'Before you can complete this section, you must first complete the Teacher Qualifications and Classroom Information sections. In this section, you will enter your teacher classroom assignments and the teacher's scheduled hours for each classroom. You will see a list of the classrooms that you entered in the Classroom section. A family child care learning home provider will see only one classroom listed (In Home).' Below the message is a table with columns: 'Classroom Name', 'Age Group', 'High Ratio', 'Low Ratio', and 'Add'. The table shows one entry: 'In Home' with 'Age Group' blank, 'High Ratio' '1:6', and 'Low Ratio' '1:1'. Below the table is a sub-table with columns: 'Edit', 'Teacher Name', 'Day of Week', 'Start Time', 'End Time', and 'Delete'. It lists two assignments for 'Betty Stephens': one on 'Monday' from '11:30AM' to '9:30PM' and one on 'Tuesday' from '11:30AM' to '9:30PM'. A 'COLLAPSE ALL' button is located above the table.

- After you select the **“Submit Portfolio”** button, a notification box will appear, please take the time to read the directions and indicate your readiness to submit your portfolio by checking the two boxes “yes”.

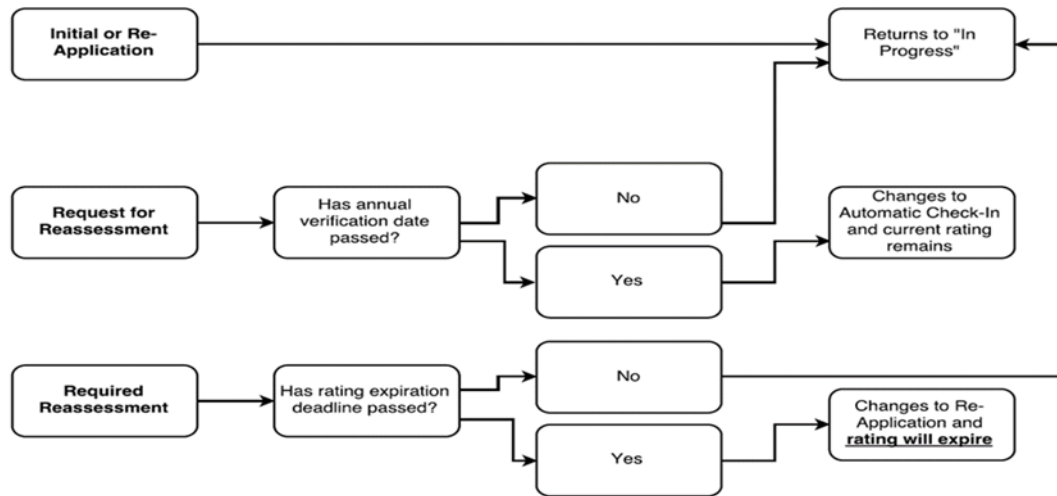

- Once you answer yes to both questions and select **“Portfolio is Ready to Submit,”** the portfolio will become read-only and cannot be updated or changed. Your structural quality points will be based on the evidence contained within the portfolio.

- Only assistant teacher helpers who are included in the portfolio will be eligible for any cash bonus based on your star rating. If a new teacher joins your program within the 10 day window after the “Portfolio is Ready to Submit” button has been selected, they can be added to your pre-observation information screens during the next step of your submission process. However, they cannot be added into the portfolio and so will not be eligible for any bonus until your next re-rating.
- Please take note of the following guidance if your portfolio type is a Required Reassessment or a Request for Reassessment:
 - If this is a **Required Reassessment Portfolio** and you do not complete the steps within the 10 calendar days your rating will expire if the portfolio is returned and your star rating expiration date has passed. At this point your portfolio will revert to a Reapplication Portfolio. If your rating expiration date has not passed, your portfolio will be returned and you can re-submit it prior to the expiration date.

- If this is a **Request for Reassessment Portfolio** and you do not complete the steps within the 10 calendar days and your anniversary date has passed, you will receive an automatic check-in and not be eligible for a reassessment until your next anniversary. If your rating anniversary date has not passed your portfolio will be returned and you can re-submit it prior to the anniversary date.
- If you need additional guidance regarding the 10 day window you can contact your technical assistance consultant through your local child care resource and referral agency. For important information about how this deadline could impact your current rating refer to the Impact Flowchart on the Quality Rated Website located in Training at the bottom of any Quality Rated screen: <http://gristest.decal>

PRE-OBSERVATION INFORMATION

To ensure the timely scheduling and completion of your program's observation it is necessary that the most up-to-date information about your program be shared with the Assessor(s). The screens in this section allow you to submit the most current information about each and every room, allowing our system to automatically complete the random classroom selection (if applicable) and notify the assigned Assessor(s) of the details they need to know in order to immediately schedule the observation subject to their next available opening.

BLACKOUT DAYS

Clicking on the Blackout Days Tab will allow you to select up to 5 blackout days on a calendar interface. Blackout days are those days when your program is open, but you are not operating your typical schedule and so the Assessor(s) would be unlikely to see a "normal" day if they came then. These could include days such as parent/family conferences, photo day, holiday celebration, field trip, or some other unique event.

CLASSROOM DETAILS

Clicking on the Classroom Details Tab will allow you to enter all the required information for each classroom which will speed up the process on the day of the observation. The Assessor(s) will have all the information they need to be able to get started with the observation as soon as they enter your facility, this eliminates the need for a director or administrator to be present at the beginning of an observation period. PRE-OBSERVATION SHEET

When you click  to enter the pre-observation sheet for your program, a screen will appear that will allow you to enter the required program details. This sheet consists of three sections requiring information relating to your operating hours, provider/assistant teacher helper information, and student/child information. The following information is required for your program:

- Current operating hours.
- Verification of provider/assistant teacher helper information (carried over from the portfolio).
- The language a translator would need to speak if the provider/teacher(s) speak a language other than English to the children for most of the day.
- The maximum number of children you allow at one time (this may or may not be your licensed capacity), as well as the number of children currently enrolled by age group.
- The birthdates of the youngest and oldest child and if any children have any identified disabilities or special needs.

Section One

Allows you to add information about the operating hours for your program. The start and end hours have been pre-populated from DECAL's Child Care licensing database, but you can change the hours as needed.

CLASSROOM DETAILS - IN HOME

Section I: Classroom Operating Hours

This classroom's operating hours are defaulted to your program's operating hours as defined in KOALA. If this is different from your program's defined hours please update to show the correct time by clicking on the down arrow and selecting the correct time.

Start Hour: 7:00 AM ▼ End Hour: 5:00 PM ▼

Use the drop down box to change the operating hours if different from your program's defined hours in KOALA. Click the down arrow and more time options will appear.

Section Two

Allows you to verify yourself and any assistant teacher helpers assigned and determine whether or not a translator would be required during the observation. The staff that were included in Standard 1 in your portfolio will be carried over to this section and will be listed here. You have the option to delete or add an individual as necessary.

PLEASE REMEMBER: Even if you add an assistant teacher helper now, if they were not also listed in the portfolio their name will not populate back to the portfolio, and they will not be eligible for any cash bonus based upon your rating.

Section II: Staff Information

The teacher(s) associated with this classroom in the portfolio appear in the list below. If the teacher(s) are correct select their primary role from the drop down box. If the teacher(s) listed are no longer associated with this classroom they can be deleted and a new teacher added. To delete a teacher click on the red trash can. To add a new teacher click on the Add Teacher box and follow the directions on the screen. All teachers listed in the portfolio will appear and any can be selected. You also have the option to check "Other" if you have a new teacher who was not included in the portfolio. You can add the new teacher's name and primary role. **Please note: include any student interns or classroom volunteers who regularly work with the children and would likely be present in the classroom during much of the 3 hour observation. In addition, part-time staff members who come and go frequently should be listed, such as "floaters" or other regular staff members who provide extra help or breaks for classroom staff.**

- Checking “Yes” to the question tells the assessor team whether they will need an interpreter to accompany them on the observation to capture the language being spoken to the children.

Do **ALL** teachers in this classroom primarily speak a language other than English with all the children? Yes No

- If you select yes, you will have the option to select the language spoken to the children during most of the day.
