Portfolio and Pre-Observation Submission Guide
Small Child Care Learning Center – 18 or Less Children (ITERS/ECERS)

This submission guide was created to assist you in completing the pre-observation information that is required to be submitted prior to acceptance of the portfolio. This information is for a small center with a capacity of 18 children or less operating with more than one classroom. For a typical day, the majority of the time children are divided into two or more classrooms with separate teachers and schedules.

CLASSROOM INFORMATION IN PORTFOLIO

When creating your portfolio you identify the classrooms in your program. If you created your portfolio prior to August 9th 2017, you will need to go back to the Classroom Information Tab and respond to a new question about how your program is configured, in order to be able to submit your portfolio.

- In Standard 1, click on the Classroom Information Tab

Decide which setting best describes your program.

- Use the “ADD NEW CLASSROOM” button to enter each classroom separately filling out all information required.
Before selecting the “Submit Portfolio” button, please go back and review your classroom information and teacher class assignments to make sure they are up-to-date and current. This information will carry over to the Pre-Observation Information Form and will reduce the amount of time needed to complete your pre-observation screens during the submission process.

Continue to complete all other information in Standards 1-5 until a green check mark appears next to each.

PORTFOLIO COMPLETION SCREENS

When all standards are complete, as indicated by the green check marks, the “Submit Portfolio” button is enabled.

IMPORTANT: Please remember to go back and review your Classroom Information and Teacher Class Assignment Tabs in Standard 1 to make sure they are up-to-date and current, as these will carry over to the Pre-Observation Information Form section.

- When you select the “Submit Portfolio” button, a notification box will appear, please take the time to read the directions and indicate your readiness to submit your portfolio by checking the two boxes “yes”.

- Your structural quality points will be based on the evidence contained within the portfolio.

- Only teachers who are included in the portfolio will be eligible for any cash bonus based on your star rating. If a new teacher joins your program within the 10 day window after the “Portfolio is Ready to Submit” button has been selected, they can be added to your pre-observation information screens during the next step of your submission process. However, they cannot be
added into the portfolio and so will not be eligible for any bonus until your next re-rating, even if their classroom is observed during the on-site assessment.

- Please take note of the following guidance if your portfolio type is a Required Reassessment or a Request for Reassessment:
  - If this is a **Required Reassessment Portfolio** and you do not complete the steps within the 10 calendar days your rating will expire if the portfolio is returned and your star rating expiration date has passed. At this point your portfolio will revert to a Reapplication Portfolio. If your rating expiration date has not passed, your portfolio will be returned and you can re-submit it prior to the expiration date.
  - If this is a **Request for Reassessment Portfolio** and you do not complete the steps within the 10 calendar days and your anniversary date has passed, you will receive an automatic check-in and not be eligible for a reassessment until your next anniversary. If your rating anniversary date has not passed your portfolio will be returned and you can re-submit it prior to the anniversary date.

- When you are ready to complete the submission process click the “Portfolio is Ready to Submit,” button at the bottom of the notification window.

BLACKOUT DAYS

When you click on the "Blackout Days" Tab, a screen appears that contains important information that should be reviewed carefully before proceeding. The screen also shows a calendar interface where you can select your blackout days. The calendar is a reflection of the full 90-day window in which the observation can be conducted.

- Inform the assessor team of any information regarding your program that would be necessary for them to know in order to quickly schedule the observation.
- Include important dates such as when your program may be closed due to no children on-site, for example: summer closing dates at Head Start program, spring break (if children are not present), public school holidays that may affect your GA’s Pre-K classrooms etc.
- It is important to let the assessor team know when children typically arrive at your program so they can determine the best time to begin the observation. For example, even though your program may be open at 6:00 AM, most of the children in many of your classrooms do not arrive to begin their school day until 7:30 AM. You may combine children in one or more classroom until 8:00 AM with a different teacher or floater, at that time the children move to their regular room with their regular teacher.

The comment box should include any additional dates the facility will be closed, information about classrooms that are not operating, or any other information that will be useful to the assessors.
You can save the information you have added to this screen by clicking the “Save” button. You can come back later and make changes if you wish.

- Notice that Saved successfully will appear on the screen.

When you are satisfied with your responses you can check the box to indicate that you have completed this section.

**IMPORTANT:** Once the portfolio and pre-observation information has been submitted to Quality Rated, you will not be able to change your blackout dates!

- Scroll back to the top of the screen. You will notice a green check mark ✓ next to the Blackout Days Tab, this indicates that you have completed the selection of your blackout days and are ready to continue with the submission process.

- Click on the “Classroom Details” Tab to continue the submission process.

Do ALL teachers in this classroom primarily speak a language other than English with all the children?  

- If you select yes, you will have the option to select the language spoken to the children during most of the day.
