Portfolio and Pre-Observation Submission Guide

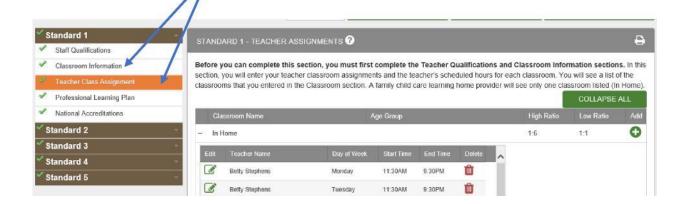

Family Child Care Learning Home

This submission guide was created to assist you in completing the pre-observation information that is required to be submitted prior to acceptance of the portfolio. This information is for a family childcare learning home with or without an assistant teacher helper.

PORTFOLIO COMPLETION SCREENS

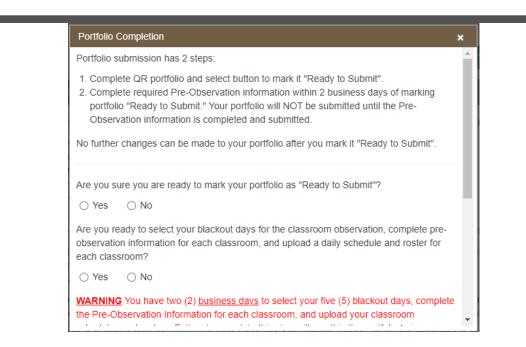

Before selecting the "Submit Portfolio" button, please go back and review your Classroom
Information and Teacher Class Assignment sections in Standard 1 to make sure they are up-todate and current. This information will carry over to the Pre-Observation Information Form and
will reduce the amount of time needed to complete your pre-observation screens during the
submission process.

After you select the "Submit Portfolio" button, a notification box will appear, please take the
time to read the directions and indicate your readiness to submit your portfolio by checking the
two boxes "yes".

 Once you answer yes to both questions and select "Portfolio is Ready to Submit," the portfolio will become read-only and cannot be updated or changed. Your structural quality points will be based on the evidence contained within the portfolio.

- If a new teacher joins your program within the 2-day window after the "Portfolio is Ready to Submit" button has been selected, they can be added to your pre-observation information screens during the next step of your submission process. However, they cannot be added into the portfolio.
- If you are renewing your program's rating and you do not complete the steps within 2 calendar days, the following will occur:
 - If the rating expiration deadline <u>has not passed</u>, the portfolio will return to "In Progress" status. You can re-submit prior to the end of the portfolio submission window for the selected cohort.
 - If the rating expiration date has passed, the following will occur:
 - o If the portfolio submission window has passed, your rating will expire, and your status will change to re-application.
 - o If the portfolio submission window has not passed, your portfolio will return to "In Progress" status and you can re-submit prior to the end of the portfolio submission window.

• If you need additional guidance regarding the 2-day window you can contact your technical assistance consultant through your local childcare resource and referral agency. For important information about how this deadline could impact your current rating refer to the Impact Flowchart on the Quality Rated Website located in <u>Training</u> at the bottom of any Quality Rated screen:

 When you are ready to complete the submission process click the "Portfolio is Ready to Submit," button at the bottom of the notification window.

FACILITY INFORMATION HOME SCREEN

When the "Portfolio is Ready to Submit" button is selected you will return to your facility home screen. As indicated below, you will have up to 2 calendar days in which to select your blackout days, complete the pre-observation information screen for your program, upload your daily schedule and roster, and finalize the portfolio submission process.

 complete.
- If your portfolio, blackout days, classroom pre-observation information, and the daily schedule and roster are not submitted by the "Last Day" to submit date highlighted on this screen, the outcome will vary based on the application type as outlined on the Impact Flowchart.
- Regardless of whether the indicated due date falls on a weekday, weekend, or holiday, the
 "Last Day" to submit date is the absolute last day you can submit your portfolio, the blackout
 days, your classroom pre-observation information, and your daily schedule and roster before
 your portfolio will be returned.

BLACKOUT DAYS SCREEN

When you click on the "Blackout Days" Tab, a screen appears that contains important information that should be reviewed carefully before proceeding. The screen also shows a calendar interface where you can select your blackout days. The calendar reflects the full window in which the observation can be conducted.

- Blackout days are those days when your program is open, but you are not operating your typical schedule and so the Assessor(s) would be unlikely to see a "normal" day if they came then.
 These could include days such as parent/family conferences, photo day, holiday celebration, field trip, or some other unique event.
- Red dates are your selected blackout.

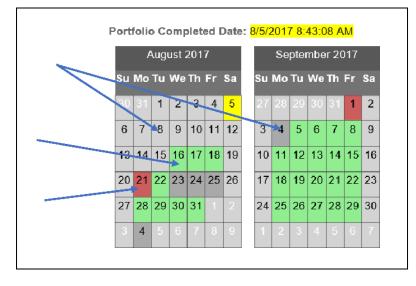

Note: Maximum of five blackout days can be selected

- Include important dates such as when your program may be closed due to no children onsite, for example: summer closing dates or spring break (if children are not present), public school holidays that may affect your program.
- It is important to let the assessor team know when children typically arrive at your program so they can determine the best time to begin the observation. For example, even though your program may be open at 6:00 AM, most of the children do not arrive until 9:30 AM.

You can save the information you have added to this screen by clicking the "Save" button. You can come back later and make changes if you wish.

CLASSROOM DETAIL SCREEN

When you click on the "Classroom Details" Tab, a screen appears that contains important information that should be reviewed carefully before proceeding. The screen also pre-populates the information you entered in your portfolio for Standard 1: Classroom Information.

- •Your program is shown with an icon. When you click on the icon it will open a preobservation sheet and you will be able to enter the required information.

 scale used is determined by the age group you selected in Standard 1 of the portfolio. All Family
 Child Care Learning Homes will be assessed using the Family Child Care Environment Rating Scale
 (FCCERS) also known as the "green book". This scale is applicable and valid for children ages 0
 to 12 years.

PRE-OBSERVATION SHEET

When you click to enter the pre-observation sheet for your program, a screen will appear that will allow you to enter the required program details. This sheet consists of three sections requiring information relating to your operating hours, provider/assistant teacher helper information, and student/child information. The following information is required for your program:

- Current operating hours.
- Verification of provider/assistant teacher helper information (carried over from the portfolio).
- The language a translator would need to speak if the provider/teacher(s) speak a language other than English to the children for most of the day.
- The maximum number of children you allow at one time (this may or may not be your licensed capacity), as well as the number of children currently enrolled by age group.
- The birthdates of the youngest and oldest child and if any children have any identified disabilities or special needs.

Section One

Allows you to add information about the operating hours for your program. The start and end hours have been pre-populated from DECAL's Child Care licensing database, but you can change the hours as needed.

Section Two

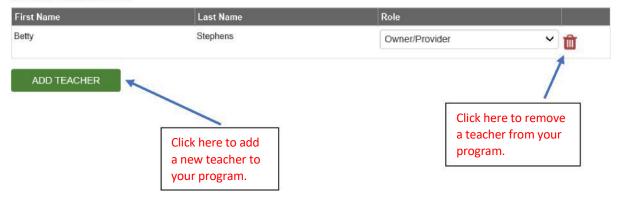

Allows you to verify yourself and any assistant teacher helpers assigned and determine whether or not a translator would be required during the observation. The staff that were included in Standard 1 in your portfolio will be carried over to this section and will be listed here. You have the option to delete or add an individual as necessary.

PLEASE REMEMBER: Even if you add an assistant teacher helper now, if they were not also listed in the portfolio their name will not populate back to the portfolio.

5/17/22 Page **10** of **20**

Section Three: Staff Information

The teacher(s) associated with this classroom in the portfolio appear in the list below. If the teacher(s) are correct select their primary role from the drop down box. If the teacher(s) listed are no longer associated with this classroom they can be deleted and a new teacher added. To delete a teacher click on the red trash can. To add a new teacher click on the Add Teacher box and follow the directions on the screen. All teachers listed in the portfolio will appear and any can be selected. You also have the option to check "Other" if you have a new teacher who was not included in the portfolio. You can add the new teacher's name and primary role. Please note: include any student interns or classroom volunteers who regularly work with the children and would likely be present in the classroom during much of the 3 hour observation. In addition, part-time staff members who come and go frequently should be listed, such as "floaters" or other regular staff members who provide extra help or breaks for classroom staff.

- When adding an assistant teacher helper to your program a notification box will open asking you
 to select the individual and identify their role. You will be able to select a name from those
 teachers you included in your portfolio, if you added any at that time.
- If you have hired a new assistant teacher helper within the 2- day window after you selected the "Portfolio is Ready to Submit" button, you can add them to the classroom at this time. Remember, this **will not** add them to the portfolio.

2. Click to add the teacher to the classroom

You will now see this new assistant teacher helper listed in your staff information for your program.

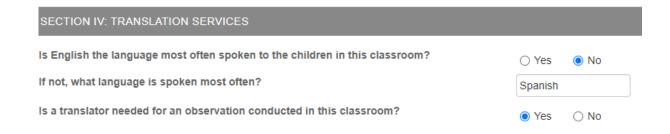

10.16.2023 Page **11** of **20**

The next part of this section will allow you to notify Quality Rated if the assessor team would be likely to require a translator during the observation.

- You will see a question as to whether English is the language most often spoken to the children in this classroom, and not just for a special learning time (such as if a foreign language teacher comes into your program and providers a quick lesson during the observation).
- Checking "No" to the question tells the assessor team whether they will need an interpreter to accompany them on the observation to capture the language being spoken to the children.

| SECTION IV: TRANSLATION SERVICES | | |
|--|-------|------|
| Is English the language most often spoken to the children in this classroom? | ○ Yes | ○ No |
| If not, what language is spoken most often? | | |
| Is a translator needed for an observation conducted in this classroom? | ○ Yes | ○ No |

• If you choose no, you will have the option to type in the language spoken to the children during most of the day.

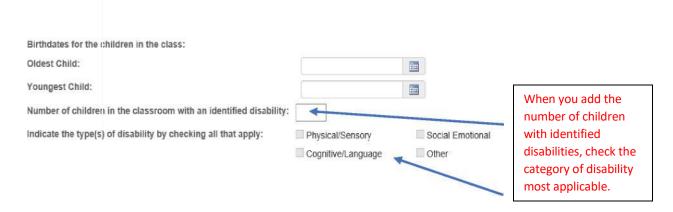

PLEASE NOTE: If a translator is required for the observation, the observation window may be increased in order for Quality Rated to secure an individual who can fluently speak the language required.

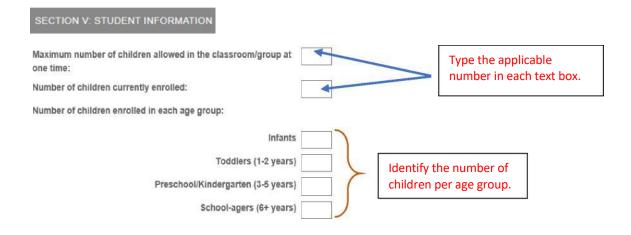

10.16.2023 Page **12** of **20**

Section Five

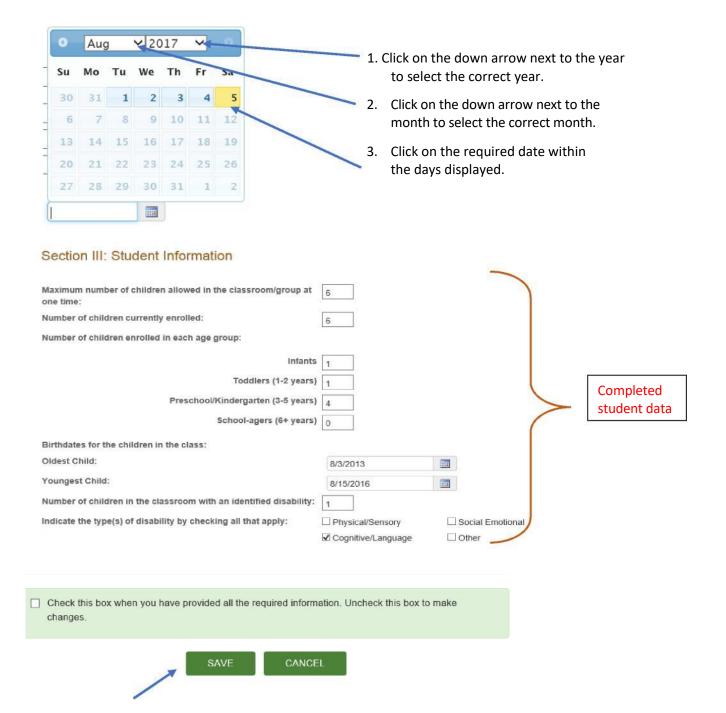

The last section requires you to enter data about the children enrolled in your program. It will be helpful to know this information ahead of time so that it can be entered quickly.

• When adding the birthdates for the oldest and youngest child in your program you will use a calendar interface. Click on the icon and a calendar will appear. You will click on the calendar to add the birthdates.
